In Memoriam

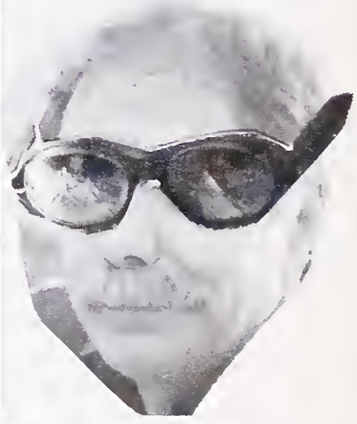
We dedicate this yearbook to the memory of

DEBRA BELLE BEHRENS

March 1, 1968 -- October 7, 1982

BERKELEY PUBLIC LIBRARY

Faculty



The Three Stooges

The West Campus was officially opened in 1964 and shall close in 1983. Everything must change and so it is with this unique effort by the Berkeley Unified School District to enable young people to have a valuable experience in human relations. Just so that you will know, the all-ninth grade concept was Berkeley's effort to integrate the secondary schools. The goal has not been satisfactorily completed.

However, the concept has perhaps accomplished more than any other district towards the efforts to integrate a school system. Someday, there may be an evaluation/survey to measure the effects of this experience.

The Class of '86 is a small part of history inasmuch as all of you are involved with the ending of an era. It is our hope that the experience has been of value. We are convinced that the academic opportunities have been rewarding. Also, the personal attention that this concept afforded will serve you well in your future education experience.

As a class, we are particularly impressed with all of you, Undoubtedly, you are the most friendly and congenial group that we have experienced. Hopefully, you will continue in this fashion throughout your secondary education.

Good luck in your futures. Thanks for the memories....

Sincerely,

John C. Newton
Principal

Since "all good things must come to an end," We say goodbye to West Campus. Each of us will now move on to a different phase of our educational experience. I feel privileged to have been a part of the West Campus experience and saddened by its ending.

It has been a good year. To each of you, I wish the very best.
